

INVESTMENT PROJECT DATABASE

The result of project pipeline preparation activities was fulfillment of 15 Project Identification Forms, submitted by project sponsors. List of prepared project proposals:

1. Project name: Ogulin; Technology: RES - Biomass cogeneration
2. Project name: Energy9 1; Technology: RES - Biomass cogeneration
3. Project name: Brinje; Technology: RES - Biomass cogeneration
4. Project name: Bilogora; Technology: RES - Biomass cogeneration
5. Project name: Slavonski Brod; Technology: RES - Biogas plant
6. Project name: Šibenik; Technology: RES - Biogas plant
7. Project name: Bioplin A; Technology: RES - Biogas plant
8. Project name: Biorad; Technology: RES - Biogas plant
9. Project name: Vrbnik; Technology: RES - Wind power plant
10. Project name: Uništa; Technology: RES - Wind power plant
11. Project name: Oton – Debelo Brdo; Technology: RES - Wind power plant
12. Project name: Kozjak; Technology: RES - Wind power plant
13. Project name: Orlić; Technology: RES - Wind power plant
14. Project name: Ogorje; Technology: RES - Wind power plant
15. Project name: Flat roof market; Technology: RES - Photovoltaics

The numerous project developers have prepared and submitted basic information on potential EE/RES projects. Except abovementioned projects, the Project Pipeline Summary was prepared for additional 31 projects (total 46 projects):

16. Project name: Regent Esplanade Hotel; Technology: EE - Recuperation of heat
17. Project name: Dry-kiln; Technology: EE - Condensation technology, regulation
18. Project name: FSB, Siemens; Technology: EE - Energy efficiency
19. Project name: Pusto Polje, Lisac; Technology: RES - Wind power plant
20. Project name: Rust; Technology: RES - Wind power plant
21. Project name: Tovarnik; Technology: RES - Wind power plant
22. Project name: Glunča; Technology: RES - Wind power plant
23. Project name: Solar building - Island Krk; Technology: RES - Solar collectors, PVs
24. Project name: Končar; Technology: RES - Solar plant
25. Project name: Šibenik; Technology: RES - Solar plant
26. Project name: Samobor; Technology: RES - Geothermal, heat pumps
27. Project name: Donji Miholjac; Technology: RES - Biogas plant
28. Project name: Viljevo; Technology: RES - Biogas plant
29. Project name: Eko Kotor; Technology: RES - Biogas plant
30. Project name: Budrovci; Technology: RES - Biogas plant

31. Project name: Semeljci 1; Technology: RES - Biogas plant
32. Project name: Majkovec; Technology: RES - Biogas plant
33. Project name: Sv. Ivan Zelina; Technology: RES - Biogas plant
34. Project name: Semeljci 2; Technology: RES - Biogas plant
35. Project name: Benkovac; Technology: RES - Biomass cogeneration
36. Project name: Županja; Technology: RES - Biomass cogeneration
37. Project name: Strizivojna; Technology: RES - Biomass cogeneration
38. Project name: Slavonski Brod; Technology: RES - Biomass cogeneration
39. Project name: Energy9 2; Technology: RES - Biomass cogeneration
40. Project name: Glina; Technology: RES - Biomass cogeneration
41. Project name: Veliki Bukovec; Technology: RES - Biomass cogeneration
42. Project name: Našice; Technology: RES - Biomass cogeneration
43. Project name: Lika Energo Eko; Technology: RES - Biomass cogeneration
44. Project name: Moderator 1; Technology: RES - Biomass plant
45. Project name: Moderator 2; Technology: RES - Pellet plant
46. Project name: Slunj; Technology: RES - Pellet plant
